Prime redevelopment opportunity in the heart of Banff, nestled on a spacious 9,834 square foot lot, with breathtaking views towards the surrounding mountain views, this property offers a rare chance to secure a revenue-generating holding property with exceptional development potential. The land is currently improved with a 4 bedroom home and a detached garage, producing steady rental income. The permitted zoning allows for up to an 8-plex development, and discretionary use provides the possibility for additional development including an apartment complex, subject to town approval. With convenient alley access, a valuable advantage for residents, visitors, and construction access, this lot is well-positioned for a thoughtful multi-family build in one of Canada's most sought-after mountain communities. Whether you're planning your dream build, an investor looking to hold and generate income or a developer ready to bring new housing to the heart of Banff, opportunities like this are rare.
