This thoughtfully designed, south-facing mountain home offers over 1,800 sq ft with a well-planned layout that maximizes natural light and mountain views. Expansive windows create bright, open living spaces throughout. The kitchen anchors the main level with GE appliances, a six-burner gas cooktop, convection oven, ample storage, and a large quartz island—well suited for gathering, hosting, or everyday use. A wrap-around deck with gas hookup extends the living space outdoors, offering flexibility for entertaining or quiet moments alike. The primary bedroom provides a private retreat with a four-piece ensuite and double vanity, while two additional bedrooms and a four-piece bathroom complete the upper level, making the layout ideal for families or guests. The lower level adds valuable flexibility with space for a recreation room, gym, or home office, along with a full bathroom. With thoughtful features including a built-in speaker system on the main level, Hunter Douglas blinds throughout, and a location near Stewart Creek Golf Course with easy trail access, this home delivers a balanced combination of comfort, functionality, and lifestyle—an opportunity to step confidently into mountain living.
